We Will Worship Something: Do We Become What We Worship?

Led by Rabbi Richard Address

These 10 days involve us in intense conversations. With whom are we speaking? What do we, each of us, worship? Listening to the prayers, what is our focus?

Do you relate to the prayers and the experience now in a different way than years ago? What has changed? How has life redefined your relationship to the sacred?

We invite you to bring your own experience to this session.

To register, visit: <https://mkorshalom.org/hhd2021>.
