M'kor Shalom's ongoing gift card fundraiser, **ShopWithScrip**, is expanding! You are now able to purchase PHYSICAL gift cards and have them shipped directly to your home or to your friends and family for a nominal fee, just by downloading the new and improved **RaiseRight App** by

ShopWithScrip! Of course you can still purchase e-gift cards and have them sent directly (and, in most cases, instantly) to your mobile device or to a loved one, as before.

By purchasing gift cards through the ShopwithScrip program, you help raise funds for the synagogue at the same time. There are over 750 retailers and restaurants you already frequent and there are always deals and special promotions.

Once you register, gift cards can be purchased online at www.shopwithscrip.com or download the RaiseRight App for easy mobile ordering. The digital, and in some cases, reloadable gift cards can be accessed instantaneously using your mobile device — perfect for that last-minute purchase or take-out order on a cold night!

** Please note: If you plan to order physical gift cards and have them shipped to the synagogue, we ask that you contact Maya Fair prior to placing the order as shipping charges require larger orders to offset the shipping costs. The wait time for these physical orders is also increased as coordination between you and the office is required. You are encouraged to take advantage of the new ship to home option or to order online gift cards only. Physical gift cards orders to be delivered to the synagogue for the current holiday season should be placed by Thursday, December 3, 2020 and at this time are scheduled to be delivered by December 10th (you will be contacted upon delivery).

To enroll:

- Go to <https://www.shopwithscrip.com/>
- If using a desktop: Click "Join a Program" on the top right of your screen, or if using a mobile device, choose "Register" in the drop down menu.
- Use enrollment code: F19722E215131
- Follow the prompts to create your account and start shopping!

Each retailer lists the rebate earned for M'kor Shalom.

You will have a number of options for how to pay for and process your gift card order; these include linking your own personal bank account or using a credit card (some fees may apply). Once you have paid online, your gift cards should be promptly delivered to your e-mail (certain cards may specify otherwise).
